

Certificate No. 2016-223

GREEN ELECTRICITY CERTIFICATE

We hereby confirm

ALUTRONIC
SOLUTIONS FOR COOL RESULTS

Alutronic Kühlkörper GmbH & Co. KG
Auf der Löbke 9-11 in 58553 Halver

the purchase of 100% green electricity from hydropower plants with modern environmental standards from 01. of January 2017 till 31. of December 2017.

Energy is generated in sustainable hydropower facilities that meet modern environmental standards and are connected to the European grid. The green power certificates of origin correspond to the criteria ÖKOSTROM of KlimaINVEST Green Concepts GmbH.

With the redemption of the guarantees of origin it is granted that in 2017 the electricity had been produced 100 % climate neutral by renewable energy installations. Up to 365 tonnes of CO₂ will be avoided.

The redemption in accordance with § 17 of the guarantees of origin act is carried out and confirmed by the registry of the federal environmental agency.
